• Soft Skills

Time Management, Problem-solving,
Teamwork, Communication

PROFILE

A hard working, motivated individual who is able to work in busy environment. A good timekeeper and always willing to learn new things. Friendly, polite, and helpful. Seeking a challenging position where I can apply my expertise with genuine passion for Computer Science. I am committed to continuous growth and will always try to make meaningful impact while developing my technical skills and knowledge.

EXPERIENCE

July 2022 - September 2023

Bina Nusantara University

Freshmen Leader

Freshmen companion during the Academic Orientation and General Orientation in the New Student Enrichment Program. Leading Freshmen is to preparing students to be able to develop various skills, especially BINUS Graduate Attributes. The goal is to maintain smooth implementation of First Year Program (FYP) activities, be responsible for leading the Freshmen during FYP activities, guiding and assisting Freshmen while participating in FYP activities.

July 2022 - September 2023

Bina Nusantara University

Freshmen Partner

Freshmen companion during their first year of study (Semester 1 & semester 2). Being a companion in helping Freshmen to face the transition period is a role so they could develop their potential optimally.

February 2023 - February 2024

Bina Nusantara University - HIMTI Organization

Organization Activist

As an Activist in HIMTI BINUS, I took on various responsibilities in terms of design and digital artwork. This included making Instagram feeds, story, or poster for special day occasion. Through my dedication and attention to detail, I helped create wonderful digital art for this organization.

EXPERIENCE

February 2024 - February 2025

PT. Freeport Indonesia & Kamoro Maxima Integra

Application Developer

As an MIS Application Developer Intern at PT. Freeport Indonesia, developed and maintained applications using Microsoft Azure, Microsoft SQL, C#, and Javascript with Kamoro's framework, contributing to key projects over a year.

- Participated in stakeholder meetings to gather and assess user requirements for internal applications.
- Designed and enhanced web applications using HTML, CSS, JavaScript, C#, .NET, and SQL Server, including writing stored procedures.
- Conducted integration testing to ensure functionality and performance before deployment.
- Led deployment efforts to deliver reliable solutions to end-users.
- Monitored applications post-deployment prior to transition to support teams.

Projects:

• Health Check Form

An online form-based application for collecting visitor health data before entering the job site. It records medical history, health conditions, and risk factors to ensure visitors are medically fit, enhancing safety and efficiency.

• Visitor Management System

A web-based application managing visitor needs, including meals, accommodation, transport, flights, visas, and scheduling. It streamlines logistics, improves security, and ensures smooth visits.

• SRM Security Activity Form

A digital form for PT. Freeport's security team to log patrols, incidents, and activities via mobile or PC. It enhances record-keeping, monitoring, and coordination.

• Sponsorship Digital Form

An online system ensuring sponsorship and donation requests comply with company policies. It streamlines approvals, enhances transparency, and supports corporate social responsibility initiatives.

• SRM Surat Jalan / Travel Permit Form

An online form for issuing and tracking travel permits for non-employees entering Tembagapura. It ensures authorization, monitors movements, and verifies timely exits.

• YPJ School Attendance Form

A digital system for managing student enrollment, re-registration, and attendance at Yayasan Pendidikan Jayawijaya (YPJ). It simplifies data entry, reduces errors, and improves record-keeping.
